### UNHCR's winterization strategy focuses on three broad areas of intervention:

Provision of seasonal cash assistance for vulnerable families to meet their additional needs during the winter months.

Provision of core relief items specific to winter such as high thermal blankets, plastic sheets, heaters and gas cylinders, and winter clothes.

Winterization of shelter including shelter weather-proofing and repairs, and improvements to drainage systems and other infrastructure in camps and informal settlements.

The winterization programme is implemented through UNHCR's own staff, government agencies, partners, and community outreach volunteers in coordination with the broader inter-agency response platforms.

- UNHCR Syria began its 2018-2019 winterization programme on 1 September aiming to reach 1.25 million IDPs, returnees, host communities and affected population across the country this upcoming winter. As of 31 October, 294,763 IDPs (58,952 families) were provided with winterization items such as high thermal blankets, solar lamp, extra plastic sheeting, and winter clothes kits in 13 governorates. Supplementary winter items such sleeping bags and winter jackets are also being provided to Syrians living in sub-standard shelters.
- Assistance is being prioritized for newly displaced vulnerable families (including people displaced multiple times), people living in hard-to-reach areas and in sub-standard shelters, as well as people in newly accessible locations who have not been assisted in the past. A contingency stock of 35,000 winter kits will be maintained throughout the country for emergency response. The distribution of winterization assistance for some 27,500 refugees and asylum-seekers from Iraq and other countries (8,400 families) will start from November.
- For cross-border assistance from Gaziantep (Turkey), distribution of winterized core relief items (CRI) started in October. Three trans-shipments with 3,500 winterized CRI kits have been completed to assist 17,500 individuals (3,500 families). The distributions are targeted to vulnerable IDPs and host communities in Idlib and Aleppo governorates and coordinated with Shelter/Non-food item Cluster to prevent duplications and to target the locations not covered by other organisations.

<b>Syrians</b>  <b>732,049</b> to be reached		 cash <b>100%</b>
<b>Iraqis</b>  <b>8,829</b> to be reached		 cash <b>100%</b>

- UNHCR aims to provide winter assistance to 732,049 vulnerable Syrian refugees (146,410 families) and 8,829 Iraqi refugees and refugees of other nationalities (2,729 families). Cash assistance for winter of USD 375 per family will be provided to help families meet their needs during the winter months (calculated at a rate of USD 75 per family per month for five months). Refugees eligible for winter cash assistance have been identified based on the results of the recalibrated desk formula. Refugee families who are the most vulnerable and who are not receiving regular monthly multi-purpose cash assistance are being prioritised. Assistance will be withdrawn from an ATM in Lebanon. UNHCR is working to distribute ATM cards as needed and validate recipients using biometrics, with the aim to provide assistance to families most prioritised by the end of November.
- In preparation for winter, UNHCR is also continuing the distribution of weatherproofing and shelter materials to refugees in need in informal settlements, based on the findings of a “door-to-door” technical assessment. In addition, UNHCR is working to assist vulnerable families in upgrading their sub-standard shelters and connecting these shelters to necessary basic services.

<b>Iraqis**</b>  Out of <b>42,900</b> targeted so far <b>4,581</b> were reached		 cash <b>100%</b>

\*\*The figures for Iraqis include refugees of other nationalities

- UNHCR aims to reach 298,683 Syrians (71,552 families) in the refugee camps of Azraq and Zaatari and in urban areas with winter assistance in the form of cash assistance, as well as selected winter CRIs. Distribution of winter assistance to vulnerable Syrian refugees in the camps began in October. UNHCR has reached 36,311 individuals (9,000 families) with cash for gas to cover the cost of gas refills and cash for winterization to address shelter maintenance. Distribution of heaters and high thermal blankets has also begun in Azraq camp reaching 4,415 individuals.
- In urban areas, 67,978 Syrian refugees (15,586 families) have received a one-off cash assistance (per family) in October through the multi-agency Common Cash Facility (CCF) system. In November and early December another round of winter cash assistance will be provided to additionally identified vulnerable Syrian families through recycling unwithdrawn amounts. UNHCR and its partners will undertake regular monitoring of project activities, and engagement of cash beneficiaries will be part of UNHCR’s post-distribution monitoring mechanism.

- For the Iraqis and refugees of other nationalities, a one-off cash assistance at household level has been provided to 4,581 individuals (1,414 families) in October through CCF. Another round of distribution for identified vulnerable families who have not yet received a winter package will be processed in November and early December. A cash top up for extremely vulnerable families on the waiting list will be provided in late December through recycling unwithdrawn amounts.

- UNHCR aims to assist some 656,100 IDPs including returnees (109,350 families) and 228,000 Syrian refugees (45,600 families) with winterization assistance - a large part of it will be cash-based. A one-off cash assistance of USD 200 per family will be provided to IDPs living in camps and in urban areas. For Syrian refugees, USD 400 per family will be provided to both those in camps and out of camps. Winterization assistance also includes the distribution core relief items such as high thermal blankets, plastic tarpaulins, kerosene jerry cans and heating stoves.
- As of end October, UNHCR has identified the majority of the families that will receive cash assistance and is organizing communication/messaging and SIM card registration events for them. The delivery of CRIs to the distribution points has started and final preparations for the launch of assistance continued. Cash and CRI distribution for IDPs and refugees is set to begin in November.

## EGYPT

- UNHCR plans to provide 94,400 Syrian refugees (23,600 families) and 1,200 Iraqi refugees (375 families) with one-off cash assistance of USD 34 per person and preparatory work continued during the month of October. With the support of UN agencies, UNHCR seeks to increase this amount to USD 56 to compensate effects of the recent inflation and rising fuel and electricity costs.
- Messages to inform refugees and asylum-seekers about the winter assistance, who is eligible and how the assistance is delivered has been finalized in Arabic and English. The assistance will be distributed through Egypt Post offices on the first week of December, and will be primarily

concentrated in the three governorates of Greater Cairo, Alexandria and Damietta where the majority of refugees live.

- Beneficiaries of the winterization grant consist of those who are: 1) registered with UNHCR and cannot meet their basic domestic needs; and 2) identified by either partners or UNHCR Egypt Vulnerability Assessment for Refugees (EVAR) as vulnerable cases.
