

## DAFI Programme in West & Central Africa 2020 Highlights

Higher education is a priority outlined in the [Education 2030: A Strategy for Refugee Education](#), forming an integral part of UNHCR's protection and solutions mandate.

The **DAFI** (Albert Einstein German Academic Refugee Initiative) **scholarship programme** offers qualified refugee and returnee students the possibility to earn an undergraduate degree in their country of asylum or home country.

**UNHCR's goal is to increase refugee enrolment in higher education from the current 3% to 15% by 2030 (15by30).**

### Students' Voices: Felix (Ghana)

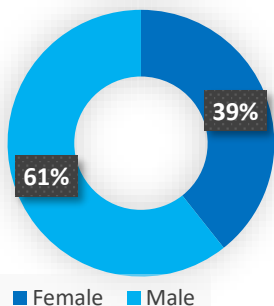

*'Being on a DAFI scholarship was a great and satisfactory journey. It didn't only restore me hope but also granted me a career. It's refreshing that this tremendous feat makes me feel refined from being defined as a refugee. Going forward, I aspire to pursue my Master's degree in Public Health.'*

### DAFI Clubs: Outstanding Activities

DAFI students mobilized strongly during the response to the **COVID-19 pandemic** and contributed in many ways to support their community during this difficult period. In **Chad**, they organized free tutoring sessions to refugee Baccalareate candidates to support their preparation. In **Cameroon**, 21 youth from the 'Girls Leadership Group' and the DAFI Club assisted primary and secondary students in examination years with distance learning to help them get ready for their return to school. In **Senegal**, DAFI students collected donations and hygiene equipment to deliver to vulnerable refugee families.

DAFI students are also continuously engaged in skills training and career coaching, aiming to support refugee students' **transition to employment**. In **Mali**, DAFI students have developed a capacity building plan with training sessions in entrepreneurship, business management, community development, and English language. In **Senegal**, the DAFI Club organized a workshop on career plan management, in collaboration with [Ashinaga Senegal](#).

DAFI students are also committed activists! During the **16 Days of Activism Against Gender-Based Violence**, DAFI scholars in Ghana have produced a [video](#) to raise awareness on the various forms of GBV and on what can be done to prevent them.

DAFI is a UNHCR Tertiary Education programme funded by the Governments of Germany, Denmark and Czech Republic and private donors and foundations.
